

# Hastings Secondary College Port Macquarie Campus

## Works notification | 13 December 2022

Dear staff and parents/carers,

Upcoming maintenance works at Hastings Secondary College Port Macquarie Campus (PMC) will deliver a series of upgrades to administration offices, bathrooms, movement areas, and general learning spaces and science labs in Blocks A, B and L.

The upgrades in Block L will involve working with asbestos containing material.

Work involving asbestos material will take place between Wednesday 21 December 2022 and Thursday 22 December 2022. All asbestos containing material will be removed outside of school hours and in accordance with the advice of the independent hygienist.

Safety measures and monitoring will be put in place and the area will remain out of bounds to any staff or students who may visit the school over the holidays until the removal and associated maintenance work is completed.

Work will be undertaken in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area will be inspected to ensure the area has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
