

Tweed River High School

Works notification

13 October 2022

Dear staff and parents/carers,

Upcoming maintenance works to replace the carpets in Building F West at Tweed River High School will involve working with asbestos containing material in the flooring of classrooms FR0012, FR1012, FR1010, FR1009 and FR1011.

Work will take place between Saturday 15 October and Sunday 16 October and Saturday 29 October and Sunday 30 October 2022. All asbestos containing material will be removed outside of school hours.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is completed.

This area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
