

# Castle Hill High School

## Works notification | 25 November 2024

Dear staff, parents and carers,

We completed urgent flooring works in the school gym (Building F) at Castle Hill High School on Friday 22 November 2024.

A new timber floor was recently laid in the gym, however natural movements required the contractor to cut some of the skirting and flooring to prevent further damage. This work is now completed.

Before this was undertaken an independent hygienist advised that there was no identified asbestos containing material in the work area.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
