

Castle Hill High School

Works notification | 26 May 2026

Dear staff, parents and carers,

On Friday 22 May 2026, we shared [an update](#) about the closure of the ground floor of Building LL, also known as the science faculty, for a ceiling repair.

All other areas of the building, including the library and study spaces, remained open.

While we had expected the science rooms would not reopen until Wednesday 27 May 2026, a team worked throughout the weekend to ensure repairs were completed ahead of schedule.

No asbestos was detected through daily air monitoring or in testing completed by an independent hygienist. **The ceiling voids of Building LL do not contain asbestos-containing materials** so this testing was only precautionary.

The rooms can reopen from Tuesday 26 May 2026 for teaching and learning.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding and support during this important work.
