

Castle Hill High School

School holiday works notification – Spring 2026

Dear staff, parents and carers,

School holidays are the ideal time to undertake maintenance and project work across the state without disrupting learning.

Planned work over the upcoming holidays

We want to let you know about work planned at Castle Hill High School during the spring holidays. This period may include from the end of the school day on Friday 25 September 2026 up to the first day of Term 4 on Tuesday 13 October 2026.

The work does not involve known asbestos or any other hazardous material.

What we are doing

Maintenance and minor works will be carried out in buildings C, D and LL, as well as several areas on the school grounds. Work will include repairing broken glass, minor tread repairs on several stairs, and minor concrete repairs.

As a precaution, an independent hygienist will carry out air monitoring while the work is underway.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding and support during this important work.
