

Swansea High School

Works notification | 8 June 2023

Dear staff and parents/carers,

We are refurbishing the girls' toilet facilities in Building D at Swansea High School. This work will involve working with known asbestos containing material in the toilet partitions as per the school's asbestos register.

The toilets are currently cordoned off in preparation for the upcoming work.

Work to remove the asbestos containing partitions will take place on Saturday 10 June 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the contractor will receive a clearance certificate before the toilet refurbishment work can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
