

Windsor High School

Project update

December 2024

Image caption: Example of a science lab

Dear staff, parents and carers,

The NSW Government is committed to expanding high potential and gifted education (HPGE) opportunities in NSW public schools. Part of this work is a \$50 million investment into the HPGE Partner School program.

Under the program, Windsor High School will receive facility enhancements to accommodate increased enrolments, broaden educational opportunities and facilitate the delivery of tailored HPGE offerings.

Work will include:

- entrance enhancement with new kiss and drop off zone and admin upgrade
- upgrades to 5 science laboratories, including preparation rooms and a Science Technology Engineering Mathematics (STEM) classroom
- upgrades to 2 woodwork rooms, 2 metalwork room and storage space
- upgrades to food technology preparation area
- upgrades to 3 music rooms and art room.

Project planning is underway and delivery of the works will be coordinated with the school.

Work is expected to begin in Term 1 2025.

More information

We will keep the community updated and provide more information as it becomes available.

If you have any questions about this project, please contact the NSW Department of Education during business hours on the details below.
