

Endeavour Sports High School

Works notification | 5 December 2025

Dear staff, parents and carers,

A project is underway to upgrade the 5Sports facilities at Endeavour Sports High School.

This project will deliver:

- a new multi-sport indoor pavilion to enable inclusive all-weather participation
- resurfacing of the main playing field to meet FIFA, NRL, AFL and World Rugby standards
- upgraded clubhouse.

This project is being delivered by 5Sports in partnership with the NSW Office of Sport through the Multi-Sport Community Facility Fund.

Start of construction

On Tuesday 11 November 2025 construction site hoarding was installed and work to replace the main playing field with a multi-sport synthetic surface started. This stage of the project is expected to be finished by February 2026.

The new indoor pavilion will be constructed over 2 of the existing 5Sports smaller playing courts. Construction will start from early December and is expected to be finished in mid-2026.

Work to upgrade the existing clubhouse is scheduled to start in late-January 2026 and is expected to be finished in mid-2026.

All anticipated finish dates are subject to weather and site conditions.

Traffic and access changes

Temporary fencing will be installed around construction zones while works are underway for the safety of the school and local community.

Construction vehicles will enter the site via the 5Sports carpark on The Boulevarde and park within the site. Please take care on the roads surrounding the school and follow the instructions of the traffic controllers.

There will be some occasions when the usual entry points from Endeavour Sports High School and 5Sports are unavailable. Safe access for students and staff will be made available through alternative entry points. Please always follow the directions of signage.

If you have any questions about this work, please email Community Infrastructure at community.infrastructure@det.nsw.edu.au.

Thank you for your patience during this important work.
