

Mount Austin High School

School holiday works notification – Autumn | 2025

Dear staff, parents and carers,

The school holidays are the ideal time to complete maintenance and project work across the state without disrupting learning.

We will be working at your school during the Autumn School Holidays – from the end of the school day on Friday 11 April up to Day 1 Term 2 (Wednesday 30 April).

Planned work over the Autumn School Holidays

Remediation work will be completed in Building B to remove ceiling material, known to contain friable asbestos, as part of work to build a [new wellbeing hub](#).

The presence of friable asbestos was confirmed by an independent hygienist, as informed by [works notification on 7 February 2025](#).

Friable asbestos can be crumbled, pulverised or reduced to a powder by hand pressure.

Temporary fencing has been installed and Building B is inaccessible.

Work, which will be completed by licensed asbestos contractors and inspected by independent hygienists, will take place outside of school hours in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

Safety measures will be in place while work is being done, including air monitoring and a plastic covering to enclose the building.

The area will be inspected by an independent hygienist to confirm it has been fully remediated and a clearance certificate will be issued before maintenance work in the building resumes.

The health, safety and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
