

Georges River College Peakhurst Campus

Works notification | 9 December 2024

Dear staff, parents, carers and neighbours,

As part of planned work at Georges River College Peakhurst Campus, we will be refurbishing the Block B toilets and change rooms.

In preparation for works, temporary facilities (portaloos) were installed on Tuesday 26 November behind Block B. These provide students with an alternative bathroom facility while the Block B bathroom upgrade is underway. The portaloos have been partially condoned off with temporary fencing and mesh banners to provide additional privacy for students.

Disconnection of services to the existing Block B bathrooms occurred on Wednesday 27 November. The portaloos will be in place until the upgrade is completed in early-2025.

Health and safety measures

Material in Block B is known to contain bonded asbestos as listed on the school's asbestos register.

Work to remove the asbestos took place on Saturday 30 November.

Asbestos removal work was done outside of school hours, in accordance with work, health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures were in place while work was being done. All work was completed by licensed and accredited asbestos contractors and monitored by independent hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

Appropriate safety measures will be in place while the Block B refurbishment is carried out. These include construction site hoarding, temporary fencing, signage and restricted access to affected areas of the school site.

Work hours

Work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday in accordance with Environmental Protection Authority construction times.

The health, safety, and wellbeing of the school and the local community is our highest priority.
