

# The Hills Sports High School

## Works notification | 6 February 2026

Dear staff, parents, carers and community members,

Due to recent storm damage, we are replacing the carpet in a storeroom in Building B at The Hills Sports High School.

In preparation for the carpet replacement, this room will be closed.

The vinyl tiles underneath the carpet in Building B are known to contain bonded asbestos as listed on the School Asbestos Management Plan (SAMP). These vinyl tiles will be removed on Saturday 7 February 2026.

NSW Health explains that “living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged”.

All work will be done in accordance with work health and safety laws and the NSW Department of Education’s Asbestos Management Plan.

All work will be completed by licensed asbestos contractors and inspected by independent hygienists, who will provide a clearance certificate before the room is reopened for use.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
