

The Hills Sports High School

Works notification | 7 March 2025

Dear staff, parents, carers and neighbours,

In [December 2024](#) we announced details about an upgrade of the southern synthetic turf field at The Hills Sports High School.

As part of the site preparation for this project we will be excavating and removing soil in areas known to have in-ground asbestos containing material, as listed in the schools site-specific asbestos management plan (SSAMP).

What to expect

Temporary fencing will be installed and traffic management measures will be put in place.

Construction vehicles will access the school site via the carpark on the corner of MacKenzie Boulevard and Best Road during this work.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

Safety measures including air monitoring will be in place with the independent hygienist monitoring while work with asbestos containing material is done.

All work will be completed by licensed asbestos contractors.

The independent hygienist will provide a clearance certificate before other work starts.

Working hours

Work to remove the asbestos containing soil will begin on Saturday 8 March 2025.

All other works will take place between 7 am and 5 pm Monday to Friday and 8 am and 1 pm on Saturday. No work will take place on Sundays or public holidays.

We will work to ensure all works are carried out safely and efficiently and will minimise impacts to the community at every opportunity.

For more information on how construction impacts will be managed, please scan the QR code below or visit the School Infrastructure website: [Managing construction impacts in your community \(nsw.gov.au\)](https://www.schoolinfrastructure.nsw.gov.au).
