

# Morisset High School

Works notification | 20 June 2023

Dear staff and parents/carers,

We are refurbishing a storeroom in Building R at Morisset High School.

In preparation for painting, lead-based paint on the internal walls of the storeroom will be removed. The room is currently locked and isolated.

The lead-based paint will be removed on Saturday 24 June 2023.

All work involving hazardous materials will take place outside of school hours, with additional safety measures and monitoring put in place before the work starts. An independent occupational hygienist has provided School Infrastructure NSW with a methodology for its controlled and safe removal.

All work will be done in accordance with SafeWork NSW regulations. All work will be completed by licensed and accredited contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The storeroom will be inspected by the independent hygienist to confirm it has been fully remediated, and the contractor will receive a clearance certificate before painting begins.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
