

Ku-ring-gai High School

Community update | October 2024

Dear parents, carers and staff,

As part of the NSW Government's record \$1.5 billion investment in maintenance and local upgrades this financial year, work is being scheduled on roof replacements and classroom refurbishments at Ku-ring-gai High School.

Roof replacement work in Buildings B and I, which includes classrooms and Technology and Applied Studies rooms, is scheduled to start in Term 4 2024.

The new roofs will improve the appearance of the buildings and also prevent water leaks.

Once the roof replacement work is finished, there will be:

- removal and replacement of vermiculite ceilings
- repainting of classrooms
- installation of new windows
- electrical upgrades including LED lights and fans in multiple buildings.

More information

We will keep the community updated and provide more information as it becomes available.

If you have any questions about this project, please contact the NSW Department of Education during business hours on the details below.
