

# Evans High School

Works notification | 30 October 2023

Dear staff and parents/carers,

We are repairing water damage in the staff bathrooms in Building SC at Evans High School. As part of this work, asbestos containing material within the partitions will need to be removed.

The bathrooms are out of use and the area has been fenced off.

Work to upgrade the bathrooms will take place from Friday 10 until Monday 13 November. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The bathrooms will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before either room is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
