

Killarney Heights High School

Community update | 1 July 2024

Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$1.5 billion for maintenance and local upgrades.

Killarney Heights High School's facilities upgrade

Killarney Heights High School has 6 functional science labs, 5 of which have been recently upgraded. As part of this investment, the remaining science lab will be fully funded for refurbishment.

Planning is underway to ensure these upgrades are completed as soon as possible.

More information

We will keep the community updated and provide more information as it becomes available.
