

Kotara High School

Works notification | 5 May 2023

Dear staff and parents/carers,

We are refurbishing the flooring of a storeroom in Building C at Kotara High School.

As part of this work, asbestos containing vinyl tiles will need to be removed.

This work will take place on Thursday 11 May 2023, outside school hours. The storeroom is currently out of bounds to anyone on site.

Additional safety measures and monitoring will be put in place under the advice of an independent hygienist before works start. The room will remain out of bounds until the work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The storeroom will be inspected to ensure it has been fully remediated and the school will receive a clearance certificate before it is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
