

# Canobolas Rural Technology High School

Completion Pack – February 2026

Newly upgraded science facilities in Building D

The \$284.3 million **Australian Government Schools Upgrade Fund** is delivering grants to improve school facilities across the country. These grants are designed to help schools and their students get back on track after disruptions caused by COVID-19. Public Schools in NSW have a \$68 million share of the fund for infrastructure projects and facility improvements.

## Welcome to your upgraded school

We are excited to announce that the newly upgraded science facility in Building D, at Canobolas Rural Technology High School is now open and ready for students and staff to enjoy.

This project delivered:

new services for electricity, gas and water

refurbishment of concrete slab floor

replacement of vinyl flooring

upgraded air conditioning

upgraded emergency shutoff controls

new acoustic ceilings

refurbished preparation room

replacement of LED lighting

new furniture for workstations

new fume cabinet

Refurbishment of vinyl flooring science lab

New workstations and benches

## Message from your Principal

I am thrilled to share the exciting upgrade to our science facilities which will support Canobolas Rural Technology High in preparing our students for life beyond school.

With the completion of the new science labs, we're providing a modern and dynamic space where students can explore scientific concepts, carry out experiments, and develop a deeper understanding of the world around them through hands-on learning.

We are excited to see our students use this wonderful new space for their science coursework. With the right tools and experiences, they are empowered to make informed decisions about their career pathway.

I would also like to sincerely thank our community, students, staff, parents and carers, for their patience and support during this work. I'm sure you will be as impressed with the outcome as we are.

Warm regards,

**Charles Gauci**

Principal

Canobolas Rural Technology High School

## Thank you

Thank you for your patience during these works. Your support and cooperation have been invaluable and made it possible for us to deliver these new facilities for students and staff.
