

# Bomaderry High School

## Works notification | 26 July 2024

Dear staff, parents and carers,

The NSW Department of Education regularly inspects and maintains schools to ensure the safety and wellbeing of our school communities.

During a Winter School Holiday inspection at Bomaderry High School, a damaged ceiling sheet was found on an awning at the back of the school hall.

This sheet is assumed asbestos, as listed on the school's asbestos register, and the area was made out of bounds.

Work to replace the sheet and remediate the area will be done outside of school hours, on Saturday 27 July, in accordance with work, health and safety laws and the NSW Department of Education's Asbestos Management Plan.

Safety measures will be in place while work is being done.

All work will be completed by licensed and accredited asbestos contractors and monitored by independent hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

An independent hygienist will inspect the area, to confirm it has been remediated, and a clearance certificate will be issued before it is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
