

Kingswood High School

Works notification | 3 September 2026

Dear staff, parents and carers,

We are excited to announce a new performing arts studio for Kingswood High School.

We are converting the two existing change rooms in Building S into a performing arts space. The new space will give students a dedicated drama room and space for a range of performing arts activities.

The work will involve removing the existing toilet and shower partitions in the change rooms. This material is known to contain bonded asbestos as listed on the School Asbestos Management Plan (SAMP)

Work to remove asbestos-containing materials will take place on Saturday 5 September 2026 with safety measures in place.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed asbestos contractors and inspected by independent hygienists. We hope to welcome students and staff to the new performance space in mid Term 4.

If you have any questions, please contact the NSW Department of Education on the details below.

Thank you for your understanding and support during this important work.

For more information about asbestos please visit the [NSW Health website](#) or scan the QR code.
