

# Tuggerah Lakes Secondary College

## Works notification

15 September 2022

Dear staff and parents/carers,

Upcoming maintenance works at Tuggerah Lakes Secondary College, The Entrance, will involve working with asbestos containing material in the window of a classroom in Block A (Room AR0062).

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is completed.

This area will be remediated in accordance with SafeWork NSW regulations and the Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Work will take place on Saturday 15 October 2022. All asbestos containing material will be removed outside of school hours.

Testing will be completed to ensure the area has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
