

Glendale Technology High School

Works notification | 12 May 2026

Dear neighbour,

We are replacing a section of damaged fencing along the school perimeter between the rear of your property at Oakland Street and the south-eastern boundary of Glendale Technology High School.

By replacing the fencing, we will provide greater privacy for neighbours while ensuring the safety and security of our students, staff and the wider community.

The NSW Department of Education will cover the cost of the work. You will not be required to make any financial contribution.

We kindly ask for your feedback about replacing approximately 90 metres of shared boundary fencing between your property and the school. The proposed fence will be 2.1 metre high Colorbond, matched with the existing height and fence colour "basalt".

Please contact us on 1300 482 651 or schoolinfrastructure@det.nsw.edu.au before Friday 22 May 2026 with your feedback.

Please note our community phone and email are staffed from Monday to Friday between 9 am and 5 pm.

Following receipt and consideration of your feedback, we will schedule works to replace the fence and notify you of the work dates.

We are committed to the safety and wellbeing of our school community and appreciate your understanding.

Thank you for your cooperation during this important work.
