

# Mulwaree High School

Works notification | 21 March 2023

Dear staff and parents/carers,

Upcoming maintenance works to replace the carpet at Mulwaree High School will involve working with asbestos containing material within vinyl tiles located under the carpet in the staffroom and cleaning room in Building D.

Work to remove the material will take place on Saturday 25 March 2023. All asbestos containing material will be removed outside of school hours and in accordance with the advice of an independent hygienist.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to staff until the removal and associated maintenance work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected by the independent hygienist to ensure it has been fully remediated. The school will receive a clearance certificate before the area is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
