

Casula High School

School holiday works notification - Summer | 2025/2026

Dear staff, parents and carers,

School holidays are the ideal time to undertake maintenance and project work across the state without disrupting learning.

Planned work over the upcoming holidays

We will be working at Casula High School during the summer holidays.

This period may include from the end of the school day from Friday 19 December 2025 up to the first day of Term 1 Monday 2 February 2026.

During the holidays we will be providing an upgrade with new concrete stairs, pathways, tiered seating, shade sails and landscaping on the grassed areas at the rear of buildings C1 and C2, near the sports court.

As part of this work, we will be encapsulating known asbestos from the fenced off area on the grass. This area has been fenced off from the school community since [March 2024](#) following advice from an independent hygienist. The area is listed on the school's asbestos management plan.

All work involving asbestos-containing materials will take place outside of school hours.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and a clearance certificate will be issued before the area is reopened.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
