

Sydney Secondary College Balmain Campus

Works notification | 8 May 2026

Dear staff, parents and carers,

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

We are making improvements to Sydney Secondary College Balmain, including converting a shower bay into a new general learning space in Building F.

This work involves removing known asbestos containing materials from the vinyl floor tiles and partitions, as listed on the School Asbestos Management Plan (SAMP).

Work to remove asbestos-containing materials will take place on **Saturday 23 May 2026**.

Once removed, the affected areas of the buildings will be inspected by an independent hygienist and clearance will be issued before the improvement works continue.

All work will be done in accordance with work, health and safety laws. All work will be completed by experienced contractors and inspected by independent hygienists.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding and support during this important work.

What makes Sydney Secondary College Balmain Campus is special?

Sydney Secondary College Balmain Campus enhances learning and support of all students through innovation, opportunity and community. Student growth and achievement are fostered through a culture of high expectations and high-quality teaching and learning practices.
