

Eden Marine High School

Works notification | 6 February 2025

Dear staff, parents and carers,

Removal and replacement of an asbestos-containing floor tile in the Building D level one movement area at Eden Marine High School took place from Wednesday 22 to Thursday 23 January 2025.

Further to the [works notification issued on 4 December 2024](#), testing by an independent hygienist confirmed the presence of bonded asbestos.

Safety measures, including air monitoring, were in place in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

Following the completion of the work, the independent hygienist reinspected the area and issued a clearance certificate.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
