

# Macintyre High School

## Works notification | 3 November 2025

Dear staff, parents and carers,

We are planning to replace the old vinyl floor tiles across multiple rooms and classrooms at Macintyre High School. These floor tiles are known to contain bonded asbestos, as listed in the school's asbestos register.

The scheduled dates for the floor tile removal are as follows:

- **Saturday 8 November 2025 to Sunday 9 November 2025**
  - 4 science classrooms and 2 staff rooms in Building C
  - the staffroom in Building J.
- **Saturday 6 December 2025 to Sunday 7 December 2025**
  - 2 industrial arts classrooms, the staff room and the movement area in Building F
  - one food technology classroom and an industrial arts classroom in Building G
  - the staff office and movement area in Building H
  - the hall and girls change room in Building J.
- **Monday 5 January 2026 to Wednesday 7 January 2026:**
  - The English and mathematics classrooms, staffrooms and movement area in Building A.

All work involving asbestos-containing materials will take place outside of school hours.

Work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with NSW Environment Protection Authority guidelines.

NSW Health explains the “living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged”.

This work will involve a brief relocation of some classes with plans in place to ensure minimal disruption to teaching and learning.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
