

Airds High School

Works notification | 30 May 2023

Dear staff and parents/carers,

We are removing the external window awnings in Building 4 and 5 at Airds High School. This work will involve working with asbestos containing material within the awning sheets.

Buildings 4 and 5 are being safely used at present, the awnings are undisturbed and out of reach to students and staff.

The area will be cordoned off before the work starts, with safety measures and monitoring put in place.

Work to remove the awnings will take place on Saturday 3 June 2023. All work involving asbestos containing materials will take place outside of school hours.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The areas will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate before they are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
