

Muirfield High School

Works notification | 25 May 2023

Dear staff and parents/carers,

We are refurbishing 5 toilets and a cleaning storeroom in Buildings HC3 and S1 at Muirfield High School. This work will involve working with asbestos containing material in toilet partitions and exterior ceiling voids.

The toilets are out of use and the areas have been cordoned off. Work to remove the asbestos containing material will take place on Saturday 27th May 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

The Saturday tutoring group will not be impacted by this work as it takes place in the Administration Building (AM) and it is not close to the location of works.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The areas will be inspected by an independent hygienist to confirm they have been fully remediated, and the contractors will receive a clearance certificate before the maintenance works can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
