

Muirfield High School

Works notification | 4 April 2023

Dear staff and parents/carers,

During preparation work for the temporary home economics classrooms (notified on 3 April 2023), suspected asbestos containing material was found in the excavated soil next to the sports court. The area remains fenced off within the existing construction site and has been covered with plastic sheeting as a precaution.

Testing will be conducted by an independent hygienist to confirm the nature of the material and if remediation is needed.

If necessary, this area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. Work to remove the material will be scheduled **during the April school holidays between Friday 7 April and Sunday 23 April 2023.**

All work will be completed by licensed and accredited independent asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated and the contractor will be issued with a clearance certificate so work can resume.

The health, safety, and wellbeing of the school and local community is our highest priority.

Thank you for your understanding during this important work.
