

# Model Farms High School

## Works notification | 28 November 2025

Dear staff, parents, carers and neighbours,

As part of the NSW Government's plan to rebuild public education, a project is underway to replace and re-pitch the roof of Building 2 at Model Farms High School.

The planning pathway for this project, the Review of Environmental Factors (REF) has been approved, allowing for construction to start.

### Start of construction

The replacement and re-pitch of the roof on Building 2 will start from 20 December 2025. Re-pitching means restoring the roof at the right angle to enable fast drainage.

Works will improve the structure of the roof and involve the installation of new gutters and drainage around existing covered walkways.

All work will be completed during the summer holiday break, when no students or staff will be onsite.

The project includes:

- site establishment, that is, setting up a secure construction site and establish materials handling area
- installation of the new roof
- connection of new gutter to existing drainage system
- associated rectification works, where required.

Construction vehicles will enter the school via Redmond Avenue and park at the northern end of the school. Traffic control will be used as required for the safety of students, staff and the local community. Please follow the directions of any temporary signage and traffic controllers when in place.

### Managing construction impacts

The safety of the school, visitors and the local community is our highest priority. We are committed to minimising disruptions where possible while work is taking place.

For more information about how we manage construction impacts, please visit our webpage at [edu.nsw.link/ConstructionImpacts](https://edu.nsw.link/ConstructionImpacts) or scan the QR code.

## Working hours

All site works will be undertaken in accordance with departmental and school operating constraints and procedures. Most works will be conducted between 7 am and 5 pm Monday to Friday, and 8 am to 1 pm on Saturdays.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your cooperation while we deliver this important project for the Model Farms High School community.

## What makes Model Farms High School special?

Model Farms High School is a co-educational public high school in Baulkham Hills that fosters a caring, inclusive community and encourages every student to achieve their personal best. The school offers a broad and balanced curriculum — from core subjects to creative arts, technology and electives — and supports learning with strong wellbeing, support and extracurricular programs.
