

# Girraween High School

Works notification | 13 June 2023

Dear staff and parents/carers,

We are upgrading the toilets in Building D at Girraween High School. This work will involve working with asbestos containing material in the partition walls of 2 toilets.

The toilets are being safely used at present as the partitions are undisturbed. The toilets will be cordoned off before the work starts.

Work to remove the 2 toilet partition walls will take place on Saturday 17 June 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The toilets will be inspected by an independent hygienist to confirm they have been fully remediated, and the contractor will receive a clearance certificate before the upgrade work can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
