

Callaghan College Waratah Campus

Works notification | 22 September 2025

Dear staff, parents and carers,

Since our [works notification on 6 June 2025](#), we have continued to refurbish the inside of buildings G and L at Callaghan College Waratah Campus.

First floor buildings G and L

Internal refurbishment of the first floors in buildings G and L is nearly finished with only minor works, such as signage and fit-out, remaining.

We expect to finish our work and return the first floor for students and teachers to use by early Term 4, 2025.

The contractor will be packing down their site sheds and fencing from the school over the upcoming holidays and landscaping will be undertaken to remediate those areas.

Support classrooms

As you may be aware, heavy rain in March affected the ground floor support classrooms in Building G. These rooms are being refurbished and will produce a great result for the school community.

We have recently remediated mould, which included environmental cleaning, on the ground floor spaces.

Two spaces, being the General Assistant's room and a disability toilet, remain isolated while we continue to work with and be guided by the independent hygienist on their remediation.

These areas are already isolated within a construction zone and are not accessible to staff and students.

When all spaces are cleared by the hygienist, we will continue refurbishing the ground floor. Works are expected to finish in the second half of Term 4, 2025.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your understanding.
