

Gorokan High School

Works notification | 25 May 2023

Dear staff and parents/carers,

We are working to remove ceiling sheets known to contain asbestos material as per the school's asbestos register at Gorokan High School. The ceiling sheets are located in 2 staff toilets in Building A and 1 toilet in Building D.

The toilets are being safely used at present as the sheets are within the ceiling and undisturbed. They will be cordoned off before the work starts.

Work will take place on Thursday 25 May 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The toilets will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before they are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
