

Toormina High School

Works notification | 15 October 2025

Dear staff, parents and carers,

We wish to advise that we will be upgrading the closed-circuit TV (CCTV) camera system at Toormina High School.

As part of this upgrade, new permanent CCTV cameras will be installed:

- overseeing the external entrance of the Administration Block, outside the library and along the internal hallway of the building
- overlooking the areas outside Building B
- overlooking the internal hallway of Building C as well as overlooking the surrounding outside areas
- overlooking the areas outside Building D
- overlooking the internal hallway of Building E as well as overlooking the surrounding outside areas.

The purpose of these cameras is to monitor and support the safety of staff and students by observing who enters and exits these areas.

For more information on CCTV including how the department uses footage, privacy laws and record keeping, please visit the department's [CCTV – use of closed circuit cameras](#) page.

The health, safety and wellbeing of the school and the local community are our highest priority.

Thank you for your cooperation during this important work.
