

Chifley College Bidwill Campus

Works notification | 22 May 2024

Dear staff, parents/carers,

On Wednesday 24 April 2024, mould was found on the ceiling in the music room in Building JF at Chifley College Bidwill Campus.

As a precautionary measure, the room was locked and made out of bounds. This room is not regularly used for timetabled classes.

We received advice and recommendations from a licensed hygienist on the appropriate remediation action required.

On Wednesday 15 May 2024, an air scrubber was installed and will run until Thursday 23 May 2024, while the affected ceiling sheets are replaced by a licensed contractor. On Thursday 23 May 2024, an independent hygienist will visit the school to inspect and test the area.

All work involving hazardous materials took place outside of school hours, with additional safety measures put in place while work was being done. All inspections and remediation works were conducted in accordance with recommendations from hygienists. Use and access to the rooms will be restricted until a clearance certificate is received.

The health, safety, and wellbeing of the school and the local community is our highest priority.

If you have any questions, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
