

Terrigal High School

Works notification | 10 February 2026

Dear staff, parents and carers,

On Friday 6 February 2026, a staff member identified water damage in 2 classrooms, a staffroom and a hallway in Building C at Terrigal High School. The water damage occurred after a tap was accidentally left running.

Cleaning, repairs and drying of all affected surfaces began on Friday 6 February and will continue until Wednesday 11 February 2026.

Access to Building C is currently restricted and the first floor is temporarily unavailable. Students and staff have been relocated to alternative spaces until this work is finished.

The health, safety and wellbeing of all members of our school are our highest priorities. If you have any questions about this, please contact the NSW Department of Education on the details below.

We will continue to keep the school community informed should any further action be required.

Thank you for your cooperation during this important work.
