

Lisarow High School

Works notification | 27 March 2026

Dear staff, parents, carers and neighbours,

The NSW Government is committed to expanding high potential and gifted education (HPGE) opportunities in NSW public schools. This includes a multi-million-dollar investment into the HPGE Partner School Program.

Under the program, 33 high schools including Lisarow High School will receive facility upgrades to accommodate increased enrolments, broaden educational opportunities and facilitate the delivery of tailored HPGE offerings.

Start of construction

We are delighted to share that the next stage of work to complete refurbishments and extensions to the COLA over the sports court and spaces in buildings A and D will start during the autumn school holidays.

From this date, the following activities are expected:

- Site establishment to establish a secure construction site and a materials handling area.
- Installation of temporary fencing and relevant signage.
- Construction work that may include periods of elevated noise.

We expect to finish these works by Term 3 2026, site conditions and weather permitting.

We are also completing some maintenance work and replacing the electronic access gates at the main vehicle and pedestrian access entering from The Ridgeway and at the rear of the school entering from Newling Street.

Managing construction impacts

The safety of the school, visitors and the local community is our highest priority. We are committed to minimising disruptions where possible while work is taking place.

During the work, some noise disruption may be experienced in the vicinity of the school and neighbouring properties due to building demolition and use of contractor tools. For more information about how we manage construction impacts, please visit our webpage at edu.nsw.link/ConstructionImpacts or scan the QR code.

Working hours

All site works will be undertaken in accordance with departmental and school operating constraints and procedures. Most works will be conducted between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with NSW Environment Protection Authority guidelines.

Thank you for your cooperation while we deliver this exciting project for the Lisarow High School community.
