

Northlakes High School

Works notification | 19 May 2025

Dear staff, parents and carers,

On Monday 19 May 2025, several classrooms in Building D (a general learning and library block) were closed as they were flooded due to adverse weather at Northlakes High School.

Support classes from the Twinlakes Learning Centre located in Building D were temporarily paused for Monday 19 May and Tuesday 20 May while the school made alternative arrangements.

The Twinlakes Centre will be temporarily relocated within the school from Wednesday 21 May until repairs are completed. The school will update the community once details are confirmed.

Over the coming days and weeks, we will be urgently conducting repairs, as well as removing and replacing any affected materials.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding and patience during this time.
