

Prairiewood High School

Works notification | 24 September 2025

Dear staff, parents and carers,

We have begun building a new shade structure over the existing double basketball court at Prairiewood High School.

We are installing a new metal roof over the basketball court and a new chain wire fence around the perimeter.

During this work the double basketball court will not be operational. Other activity areas including the school oval are available for students to use.

It is expected that this work will be completed and the double basketball court will be operational again from Day 1 Term 1 2026.

Tradespeople and large vehicles including cranes will be onsite during this work. They will access the school grounds through the entrance gates on Prairie Vale Road.

Work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with [NSW Environment Protection Authority guidelines](#). We will work with the school to minimise operational interruptions.

For more information on how construction will be managed, please visit the School Infrastructure website: [Managing construction impacts in your community](#).

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
