

Northern Beaches Secondary College Manly Campus

Project update | 5 June 2023

A project is underway to build a new multipurpose hall at the Northern Beaches Secondary College Manly Campus. The new hall will provide the students with a place to participate in various sports and fitness activities, hold large gatherings and events and a covered outdoor learning area (COLA) that can be used for outdoor learning or for students to gather during lunch.

Update on progress to finish new multipurpose hall

Work on the new multipurpose hall at Northern Beaches Secondary College Manly Campus is almost finished.

To meet planning approval requirements to use the building, approvals from certifiers are required. Unfortunately, this process has taken longer than expected, as additional technical reports were requested.

This process is expected to be finished shortly, allowing the building to be formally handed over to the school to use in the coming weeks.

We are working with key stakeholders, including the NBSC Manly Principal, building contractor, consultants and agencies including Sydney Water, to finalise everything required to occupy the new facilities soon as possible.

Thank you

We would like to thank you for your patience in the process of process of building the new NBSC Manly hall. Your continued support and cooperation is appreciated, and we look forward to the new hall being ready for use soon.
