

Northern Beaches Secondary College Manly Campus

Project update | November 2023

The Northern Beaches Secondary College Manly Campus multipurpose hall is now in use

Final approvals and certifications for the new multipurpose hall at the Northern Beaches Secondary College Manly Campus (NBSC) have been granted, and it's now being used by the school.

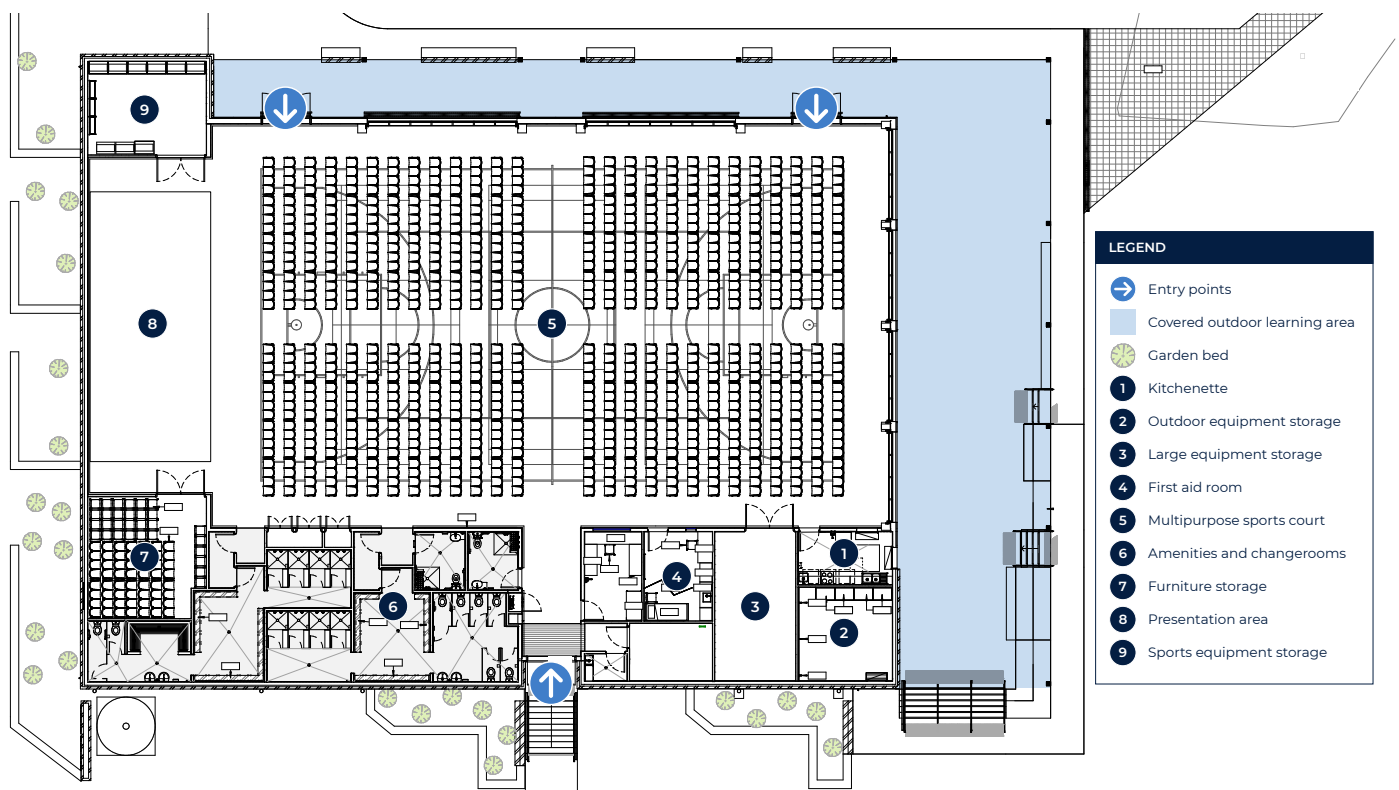

The new hall provides the school with a place to participate in various sports and fitness activities, hold large gatherings and events with the school community. The covered outdoor learning area (COLA) can be used for outdoor learning or for students to gather during lunch.

The project included:

- a new multipurpose hall with timber sprung floors and line markings for multiple sports and activities
- bathrooms, showers and changerooms
- kitchen facilities
- landscaping
- two sports equipment storage spaces.

Site map

The new multipurpose hall provides the school with a multi-sport gymnasium, a space for large presentations to be held and ample storage spaces. The operable doors extend to a covered outdoor learning area (COLA) which along with multiple garden beds surround the new building.
