

Kincumber High School

Works notification | 3 September 2024

Dear staff, parents and carers,

Following a routine inspection on Friday 30 August 2024, a small amount of mould was detected on the ceiling in a classroom in Building F at Kincumber High School.

As a precaution, the affected classroom was cordoned off from students and staff, and an alternative learning space was arranged for classes at the school.

The classroom will remain closed from students and staff until an environmental clean of the room can be conducted this week.

All work involving hazardous materials will take place with appropriate safety measures while work is being done. Once the room is cleaned, it will be reopened for use.

The health, safety, and wellbeing of the school and local community is our highest priority.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
