

New STEM building at Cherrybrook Technology High School

Cherrybrook Technology High School Upgrade

Completion Pack | February 2024

Welcome to your new STEM facilities

We are excited to announce the completion of the Cherrybrook Technology High School STEM (Science, Technology, Engineering and Mathematics) building. The upgrade has delivered:

8 new learning spaces

4 general science learning classrooms

2 STEM-specific laboratories

2 two science laboratories

Science Laboratory

Message from your Principal

The development of STEM skills are crucial for Australia's future, and at Cherrybrook Technology High School, we continue to leverage technology as a key part of our learning. This building presents students with significant opportunities to engage in STEM disciplines, increasing the profile of Science and Technology in the broader community.

The STEM building will allow students to expand their skills when designing, creating, and conducting experiments in an environment catering to all skill and experience levels.

Matt Townsend

Principal, Cherrybrook Technology High School

Thank you

Thank you for your patience during the upgrade to Cherrybrook Technology High School. Your support and cooperation have been invaluable and made it possible for us to deliver these new facilities for students and staff.
