Cherrybrook Technology High School

Project update | December 2023

Investing in our schools

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

A project is underway at Cherrybrook Technology High School to build new Science Technology Engineering and Mathematics (STEM) facilities (Building M), including a covered walkway link to the existing Building G. Building M will be in the southern part of the school site.

The new building will provide 4 classrooms, two science laboratories, one shared science preparation room, two STEM rooms, one shared STEM equipment room, one building communications room, accessible amenities, and a lift.

Progress summary

Since September 2023, we have completed:

- installation of external and internal door frames and doors
- external painting
- internal wall and ceiling framing
- installation of internal services
- construction of concrete stairs
- roof and solar panels installation

Next steps

The project is expected to be completed early Term 1 2024. Upcoming work, including summer holiday work, will include:

- installation of vinyl flooring and carpets
- installation of gutters and stair handrails
- external paving and ramps
- painting of walls and ceilings
- finalise lift installation.
- setting up furniture

Construction hours during the summer holiday period

The site will be closed between Saturday 23 December 2023 and Sunday 7 January 2024. Construction will restart from Monday 8 January 2024, with work completed with our approved construction hours of 7 am to 6 pm Monday to Friday, and 8 am to 1 pm on Saturdays.

School Infrastructure NSW will be closed from 5 pm Friday 22 December 2023 to 9 am Monday 8 January 2024, inclusive, in line with the NSW Government shut down period. During this time, if there is an urgent issue, please contact the site manager listed on the construction site entry. In an emergency, please call triple zero (000).
