

Belmore Boys High School

Works notification | 26 July 2023

Dear staff and parents/carers,

On Friday 22 July, mould was found under the carpet near the air conditioning vent in the hall and staffroom in Building G at Belmore Boys High School. The two areas were cordoned off immediately to keep students, staff and any visitors safe.

We are following all the advice and protocols of independent hygienists and other experts.

Work to remediate the mould and replace the carpet will take place after school hours between Friday 21 July and Friday 28 July 2023. Additional safety measures and monitoring are in place and the areas will remain out of bounds until the remediation and associated maintenance work is finished.

Work will be done in accordance with SafeWork NSW regulations. All work will be completed by licensed contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The hall and staffroom will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate before the areas are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
