

# Georges River College Hurstville Boys Campus

Works notification | 7 December 2022

Dear staff and parents/carers,

Upcoming maintenance works as part of the Roof Replacement Program at Georges River College Hurstville Boys Campus will involve working with asbestos containing material in the external ceiling lining of Block A.

Work will take place between Saturday 17 December and Sunday 18 December 2022. All asbestos containing material will be removed outside of school hours and in accordance with the advice of the independent hygienist.

The area is cordoned and separated by hoarding and a fence, and safety measures and monitoring will be put in place before works start. It will remain out of bounds to students and staff until the removal and associated maintenance work is completed.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
