

Hunter School of Performing Arts

Community update | November 2024

Dear parents, carers and staff,

As part of the NSW Government's record \$1.5 billion investment in maintenance and local upgrades, planning is underway for covered walkway replacements at Hunter School of Performing Arts.

The 2 walkways to be replaced are located between Buildings A and G and the other is attached to Building J.

This work will improve the functionality of the covered walkways. The existing masonry structures which are prone to leaking will be removed and replaced with new walkways using durable and sustainable building materials. This work also involves installing upgrades to the cabling and electrical components currently within these walkway structures and repositioning them to improve functionality.

This work is expected to begin in the 2024–25 Summer School Holiday period and is due to be completed during Term 1 2025.

More information

We will keep the community updated and provide more information as it becomes available.
