

Hunter School of Performing Arts

Works notification | 29 May 2023

Further to the below notification, work to remove asbestos containing vinyl tiles in the science lab in Building F were rescheduled due to contractor's availability. It will now take place on Tuesday 30 May 2023, outside school hours.

Thank you for your understanding.

24 May 2023

Dear staff and parents/carers,

We are upgrading the science lab in Building F at Hunter School of Performing Arts.

As part of this work, asbestos containing vinyl tiles in the flooring will need to be removed. The rooms are being safely used at present as the vinyl tiles are undisturbed.

This work will take place on Monday 29 May 2023, outside school hours. Work areas will be cordoned off, and additional safety measures and monitoring will be put in place under the advice of an independent hygienist before works start. They will remain out of bounds until the work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The science lab will be inspected to ensure it has been fully remediated and the contractors will receive a clearance certificate before the upgrade works can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
