

# St Marys Senior High School

## Works notification | 18 June 2026

Dear staff, parents, and carers,

We are replacing the carpet in the music rooms in Building V and the floor covering of the upstairs corridor in Building B at St Marys Senior High School during the winter school holidays.

Existing vinyl tiles in these areas are assumed to contain bonded asbestos, as listed on the School Asbestos Management Plan (SAMP). Licensed asbestos contractors will remove them with safety measures in place while staff and students are not at the school. An independent hygienist will inspect the areas and issue a clearance certificate before we install the new floor coverings and reopen the rooms.

All work will be complete before students return for Term 3 and will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding and support during this important work.

For more information about asbestos please visit the NSW Health website or scan the QR code.
